

BRYAN IS GREETED BY HIS HOME FOLK

Presides Over Democratic Rally in Lincoln, and Is Given Big Ovation.

FINDS HIS POSITION INDORSED

President Arthur Criticized by Tribune as Roosevelt Has Been by Him for Campaign Activity.

LINCOLN, NEB., October 3.—William J. Bryan to-night met his home folks and attended a monster Democratic rally in the auditorium in this city, over which he presided. The principal speaker of the evening was Senator Gore, of Oklahoma. Every reference by him to the Democratic candidate brought the great audience to its feet, and the air was repeatedly rent with cheers. Mr. Bryan smilingly bowed his acknowledgments of the greeting of his fellow-townsmen. It was the first occasion for some time that he had appeared before them on a platform. Senator Gore and the Democratic candidate were escorted from the Lincoln Hotel by the Bryan Guards, headed by a drum and pipe corps, and the two received a warm reception as they rode through the streets to the auditorium building. At the close of Senator Gore's remarks Mr. Bryan spoke briefly, expressing his thanks for the interest manifested in him, and touching on a few instances of the campaign.

Mr. Bryan gave out the following statement to-day:

"When I criticized the President for using an office which belonged to all the people as a party asset, I did not know that I was using language so much like that which had been employed before, but my attention has been called to an editorial in the New York Tribune of October 25, 1892. It criticizes President Arthur for taking part in the campaign in behalf of the ticket, and says:

"Why should he assist in the campaign of any party? He is the President of the whole country and not the manager of elections in any part of it."

SAYS BRYAN IS SAFE

Only Those Who Plunder the People Have Aught to Fear from Him.

MAISON, GA., October 3.—John W. Kern was accorded a rousing welcome when he reached Macon to-night. The station was packed with a wildly enthusiastic crowd, and the Democratic candidate, who is expected to win the nomination, was met by a large number of his friends.

Mr. Kern talked of the tariff issues and spoke at length about the "dominating power" in Congress, which he said, "hangs like the sword of Damocles over the heads of the people." When he paid a tribute to Mr. Bryan, who, he said, was recognized the world over as the "champion of humanity," the audience applauded for several minutes.

"They tell you he is not a safe man to put at the head of this government," the speaker said. "The men who fanned the flames in the panic of 1893 are the safe men, so called to-day. He is not a safe man for the lawless, for those who plunder the poor and fatten on their earnings, but safe to all who are engaged in honorable enterprise, and he is and will always be a safe man and a friend to every man whose heart is right and whose acts are just."

The only other public address made by the vice-presidential nominee to-day was an after-dinner speech to a company of prominent Georgia Democrats, who attended a dinner in honor of the Piedmont Hotel, Atlanta.

Mr. Kern was introduced by Governor Hoke Smith, who paid a graceful compliment to the high character of the Democratic standard bearers.

Mr. Kern said his mission in the South was to do missionary work, but to pay a tribute to the Southern Democrats, at the request of Mr. Bryan.

At Griffin, on the route to Macon, a crowd had assembled and shouted for a view of the nominee. Mr. Kern left the train and shook hands with as many as possible during the brief stop.

Leaving here to-morrow morning, Mr. Kern will return to Atlanta, and will

and the reform of the British army. That is the key to European peace, the only chance of averting a terrible and sanguinary conflict.

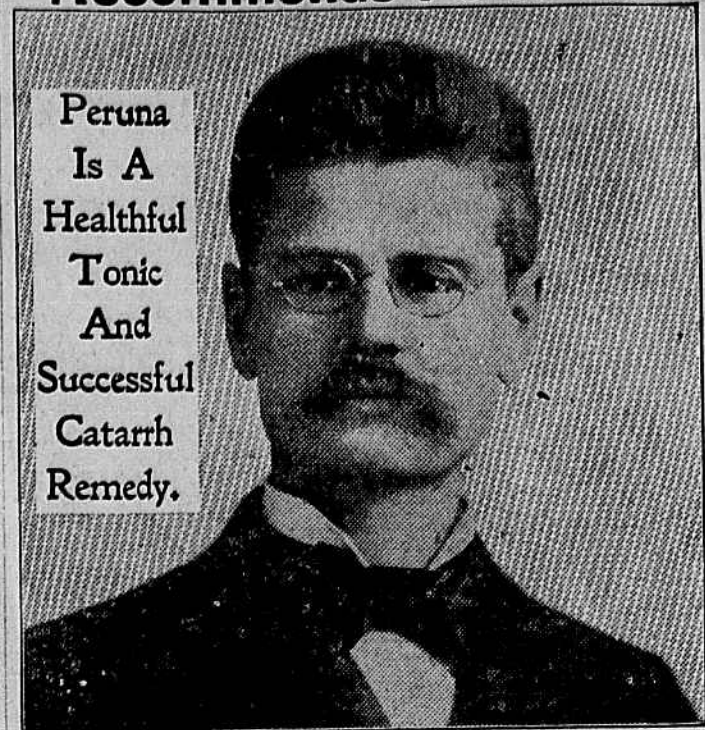

To Increase Naval Expenditures.

It may be said in general comment on the situation that the growing alarm in England has within the past few weeks communicated itself to the present Liberal-socialist government.

It is known that they have abandoned their first intention to raise \$100,000,000 pounds loan for naval construction, but they have decided to greatly increase the naval expenditures for the coming year.

It was feared, it is said, that the sudden adoption of an overwhelming construction program might precipitate the very peril that was designed to avert, that is, that Germany would be tempted to deliver her blows with the forces available before the new ex-

MEMBER 54TH CONGRESS U. S. Recommends Pe-ru-na.

HON. W. E. ANDREWS.

Nebraska has furnished to our National Congress some of the brightest minds that have ever adorned that great national legislature. Men of push and fire, men of great oratorical and intellectual resources, men who have done much to shape the destinies of the great western section of our country. Among these modern statesmen of that versatile, American type is Hon. W. E. Andrews, of Hastings, Nebraska. Hon. Andrews was formerly Vice-President of Hastings College, and established an excellent record as a proponent of public education before he became a member of Congress. Speaking of Peruna, he says:

"I cheerfully recommend the preparation, Peruna, as a healthful tonic and a successful remedy for catarrh in its various forms."—Hon. W. E. Andrews.

Hon. Thomas Cale, who was elected to Congress from Alaska, is well known on the Pacific slope, where he has resided. His Washington address is 1115 Ninth street, N. W., Washington, D. C. Congressman Cale writes of Peruna:

"I can cheerfully recommend Peruna as a very efficient remedy for coughs and colds."

Some people prefer to take tablets rather than to take medicine in a fluid form. Such people can obtain Peruna tablets, which represent the medicinal ingredients of Peruna. Each tablet is

equivalent to one average dose of Peruna.

Hon. C. Slomp, Congressman from Virginia, whose home address is Big Stone Gap, Va., writes:

"I can cheerfully say that I have used your valuable remedy, Peruna, with beneficial results, and can unhesitatingly recommend your remedy to my friends as an invigorating tonic and an effective and permanent cure for catarrh."

Mr. Boss Craig, Fork Vale, Tenn., had catarrh of the head for two years, and had abandoned all hope of a cure, but to his surprise Peruna cured him sound and well.

penditure could become effective, and that the advantage of a surprise attack might overbalance Great Britain's preponderance in force.

It may easily be imagined from the foregoing what nervous chills are shaking the spines of British statesmen, and all because no man knows whether the War Lord in Berlin is contemplating one of those great adventures which make history.

CIGARETTE INTO POWDER

Building Completely Wiped Out and Three Men Blown Twenty Feet.

(Special to The Times-Dispatch.)

BELEVILLE, N. J., October 3.—Three Italians, who were making fireworks in a small shanty at the edge of the woods in the outskirts of Belleville, were so badly hurt that they will die, and the building was wiped out completely, when one of the men dropped a cigarette into a keg of powder this afternoon.

Two lost both eyes, and the three were blown about twenty feet into the woods, where they landed with their clothes burned off. They were alive in the Mountainside Hospital, where they were taken to-night, but there is little chance for their recovery.

POLICEMAN HIT BY AUTO, DIES FROM HIS INJURIES

(Special to The Times-Dispatch.)

NEW YORK, October 3.—Thomas D. Fickett, the special policeman who was hit by the automobile at the Brighton Beach late Friday night, died this evening of his injuries at the Reception Hospital, Coney Island.

Fickett was hit first by a Simplex car, driven by George Robertson, who will be arrested to-morrow on a technical charge of homicide.

Organizing College Clubs.

WASHINGTON, D. C., October 3.—Warren Jefferson Davis, of Washington, private secretary to Representative Lassiter, has been appointed vice-chairman for the Southern States of the National Democratic Committee on organization of college clubs. Mr. Davis is chairman of the committee, and also secretary of the intercollegiate Democratic committee, which is a committee of the students themselves. The organization is similar in scope to the National Republican College League, which consists of some 300 constituent clubs and over 200,000 student members.

LOSING TEMPER AS WELL AS MANNERS

President Gompers, of American Federation, Bitterly Arraigns Mr. Taft.

CANNOT MEET THE ISSUES

Indulges in Unwarranted Denunciation, but Fails to Answer Pertinent Questions.

WASHINGTON, D. C., October 3.—Samuel Gompers, president of the American Federation of Labor, issued a statement to-night in which William H. Taft, the Republican candidate, is bitterly arraigned because of the latter's charge in a speech at Denver last night that the labor leader was "lying to his followers."

"It is quite evident that Candidate Taft is losing his temper, as well as his manners and his dignity," asserts Mr. Gompers. "He cannot meet the truth and the justice of labor's contention as regards his injunctions, his party's refusal to come to terms to accord the relief from discriminating decisions against the workers in the injunction abuse, and from the Sherman anti-trust law, under which the voluntary organizations of the working people are now held as traitors."

"I assert he cannot meet the issues, and he therefore undertakes to resort to the well-known policy of the pettifogger, who has a bad case, that is, by abusing the other side."

"The working people of the country know that Mr. Taft's ridicule and rasping sarcasm are not aimed at me, but at them, for there is no thought I have expressed or one step which I have taken but what had their initials in the rank and file of America's toiling masses, unorganized as well as organized."

But, Mr. Taft, departing from his higher vein of attack, accuses me of lying. In what have I lied in regard to any matter, at least, in regard to the increased profits they made last year because of the operation of the principle of protection, as he put it, over what they made under the Democratic encouragement of free trade."

The speeches of Mr. Taft to-night at both the theatre and the auditorium were devoted to a discussion of labor, the tariff and the tariff. He said:

"One of the important issues of the campaign is the tariff. For forty-four years, out of the last forty-eight, the business of this country has been on a basis of a protective tariff. It has produced a condition of diversified industries and increased the number of skilled workmen to millions, who are now receiving the highest wages in the world, and are enjoying the comfort of living that they have in no other country."

The Taft special will leave Topeka at 4:30 o'clock to-morrow morning for Kansas City, where the candidate will to-morrow make a short address at the Y. M. C. A. building, and then rest for the work of the coming week.

GREAT CROWDS GREET TAFT

Tells Farmers They are Making More Under Protective Tariff.

TOPEKA, KANS., October 3.—Beginning at Syracuse, on the western line of Kansas, at 6 o'clock this morning, and ending at Topeka with two monster meetings to-night, William H. Taft reached the climax in crowds and enthusiasm of the campaign trip he began eleven days ago in Cincinnati.

In the fourteen speeches he delivered during the day and evening, Mr. Taft, he not only talked in detail of the tariff and trusts and labor, but furnished farmers an itemized account of the increased profits they made last year because of the operation of the principle of protection, as he put it, over what they made under the Democratic encouragement of free trade."

The speeches of Mr. Taft to-night at both the theatre and the auditorium were devoted to a discussion of labor, the tariff and the tariff. He said:

TO PROSECUTE FOR BRIBERY

National Committee Provides Fund for Prosecution of Workingmen.

NEW YORK, October 3.—Norman E. Mack, chairman of the Democratic National Committee, said to-day before leaving for the West that a special fund of \$5,000 had been appropriated and set aside for the purpose of punishing any person or corporation which is guilty of bribery or corruption in the national election. Special counsel will be retained, Mr. Mack said, to conduct such prosecutions. Mr. Mack explained that numerous complaints had been received by the national committee from employees throughout the country that they had been threatened with dismissal if they persisted in support of the Democratic ticket. Mr. Mack continued:

"It is an attempt at bribery, and is punishable as such. Threats of dismissal or to reduce wages of employees if they vote for Mr. Bryan, or promises of higher wages if they vote for Mr. Taft is plain bribery. We are not afraid of the effect of such tactics in this election, because the American laboring man cannot be bribed nor scared into submission to the will of his master in a matter so sacred as the ballot, but I think it is the duty of this committee to protect the American workingman from such methods."

"It is not advisable at the present time to give the names of those employees. That would be an injustice to them. But the names of every guilty employer will be published and full publicity given to his case both before and after the election. But the names of those who have been threatened with dismissal a few days before election, advising how to vote, will not be permitted this year as in former campaigns."

BURCHARD OF CAMPAIGN

This View Taken by Chicago Paper of Son-in-Law Nicholas Longworth.

(Special to The Times-Dispatch.)

CHICAGO, ILL., October 3.—Yesterday at Berlin, Ill., Congressman Longworth, son-in-law of President Roosevelt, declared that after eight years of Taft it was to be Roosevelt in the White House again. The Chicago Journal has taken this up under the editorial caption, "The Roosevelt Dynasty," and says:

"Mr. Roosevelt has four sons, to whom he doubtless intends to have his crown descend, and it may then go to the Longworth branch of the house of Roosevelt."

The colonial policy of Roosevelt may then be followed by this imperial Roosevelt line. That would shut out Fairbanks, La Follette, Hughes, Cannon, Beveridge, or any other aspirant.

"The American schoolboy could no longer look forward to the White House as a possible goal. Longworth's utterance stamps Taft beyond dispute as merely the vice-regent of Roosevelt, ruling during a sort of protectorate until Roosevelt shall be ready to come into his own again. This Longworth declaration, coming right from Roosevelt's own family, must be authoritative. Republican managers are angry and sore at this break coming on top of Roosevelt hitting at Priest and striking Nagel, and hitting at Olney and striking Taft. The statement is being made here that son-in-law Nicholas Longworth has proven to be the Burchard of this campaign."

Quality Clothes!

Strenuous striving for more business sometimes leads dealers to depreciate qualities to lower prices. While trade may be temporarily stimulated by this method, it is poor policy, which is bound to react as soon as the customer realizes he is not receiving the value he was led to expect. If you are tempted by the claims of other houses, examine their clothing and then examine ours. Don't simply look—looks are deceiving, but examine—compare the fabrics, the workmanship, the cut and fit of the garments, and above all, the prices.

BALKAN CRISIS NOT GRAVE

Much Stir, But Little Real Danger of Trouble.

(Special Cable to The Times-Dispatch.)

LONDON, October 3.—The day-to-day history of the Balkan crisis, which started with the small beginnings discovered a week ago, has been somewhat dramatic and threatening, but the indications are that it will result in little or nothing. The new Turkish government is strongly opposed to war, and as all the powers condemn the Bulgarian attitude, it is not likely that that house will develop. It was at first feared that Austria would seize the opportunity to annex Bosnia, which would seriously aggravate the situation, but she now seems disposed to hold her hand for the time being. Once Bulgaria's claims are referred to the powers, or any other tribunal, the danger will be over.

MEN LIVED IN CAVE

Interesting Discoveries Made by Professor Peuck, an American.

(Special Cable to The Times-Dispatch.)

LONDON, October 3.—Professor Peuck, director of the Berlin Deep Sea Institute, an American exchange professor, sailed for America on Thursday. The professor may lecture in New York on the interesting anthropological discovery made in a wonderful cave named the Weidenkühle, at Santa, Switzerland. Dr. Eickhardt discovered this cave, in which, later on, Dr. Bachler unearthed numerous remains of bears, with a quantity of human bones of the prehistoric period.

The discovery showed that mankind dwelt in the cave and lived on the bears, which they killed in hunting. Professor Peuck, in the course of a visit to the cave, learned that this state

of things could only have occurred during the last interglacial era. He thereby proved that human beings must have lived in the mountains before the last glacial modification of the Alps, which, according to Professor Peuck's calculation, was about 100,000 years ago.

COST OF THAW'S TRIAL

NEW YORK, October 3.—The total cost to New York county of the prosecution of Harry K. Thaw for the shooting of Stanford White has been \$14,837, according to papers submitted by District Attorney Jerome to Justice Mills at Newburgh to-day. The purpose of Mr. Jerome's application to Justice Mills was to have the trial in Westchester county would entail much greater expense than if held in New York county. Under the circumstances he cannot go to Westchester county to take part in the trial, he said. Justice Mills, and he asks that the trial be transferred to New York county "as convenience would be promoted and the ends of justice aided."

October 12th has been fixed by Justice Mills as the date for the trial. There will be no jury, the justice alone taking the evidence.

CAPT. CORNELIUS VANDERBILT RECEIVES AN APPOINTMENT

Captain Vanderbilt gets no increase in rank, as the State military law now permits no higher rank than that of captain for an aide on the staff of the major-general.
